

City Council

Mission. The mission of the City Council is to provide policy direction for the City of Wichita in developing, implementing, and maintaining services to the citizens of Wichita.

Overview. The Council establishes policy direction for the City by enacting ordinances, laws, and policies, adopting the budget, levying taxes, and appointing members to citizen advisory boards and commissions. The seven-member Council is elected to four-year terms on a nonpartisan basis with staggered terms of office. Six Council members are elected by district, and the Mayor is elected at-large.

The City Council meets weekly to examine issues, set policy, and guide the development of the City.

Council members represent the City in several national and international organizations. Currently, the Mayor is

President of the National League of Cities (NLC), and two Council members are members of NLC committees. Additionally, the Mayor is a member of the U.S. conference of Mayors, and is on the Board of Directors of Public Technology Incorporated.

Wichita is an active participant in the Sister Cities International program. The program's goals include enriching community life through exhibits, tours, and exchanges; providing a setting for meeting community leaders from cities around the world; creating opportunities for cultural activities and exchanges; providing host families for visitors from Wichita's Sister Cities; and supporting student exchange programs for students from Wichita's Sister Cities.

Wichita's Sister Cities are Tlalnepantla and Cancun, Mexico, Orleans, France, and Kaifeng, China. Council members represent the City both when receiving visitors and when visiting Sister Cities.

Finance and Operations. The 1999 and 2000 budgets reflect modest increases, in recognition of the escalating demands placed upon elected officials.

Funds available for travel increase slightly due to the leadership positions the Mayor and Council members hold with the National League of Cities. The budget also includes funding for technology enhancements such as electronic mail and Internet access. Elected officials will now be able to communicate with other cities and national organizations electronically.

City Council Budget Summary
